"No one knows London better than the Talk-Tourism team."

Visit the Iconic sites of London such as The Houses of Parliament and Buckingham Palace and let us introduce you to the more unusual. We have access to many museums and buildings that are not normally available. We will work in partnership with you to develop individual programmes to suit your customers and groups requirements. We have the knowledge to provide creative and bespoke days out that your customers will remember as a great London experience.

"You pick the date we do the rest."

We will provide you with a guaranteed cost per person for the entire package. This can include accommodation, transport, lunch, multi lingual guides and pre-booked entrance to theatres and attractions. Select from our list of places we have visited or tell us where your customers or groups wish to visit, we will then create that special event.

"That extra helping hand."

We can help with your promotional and advertising literature and handle the bookings and payments in your name. Our aim is to go that extra mile for our clients. We plan each event in great detail providing coach drivers with pick up and set down information plus advice on parking. A member of the Talk-Tourism team is always available to provide contingency planning.
